PROFESSIONAL SUMMARY

Entry-level software engineer with hands-on experience building responsive, accessible websites using HTML, CSS, and JavaScript through the Frontend Simplified online course. Familiar with SQL for querying relational databases and a motivated self-starter who values clean code and continuous learning.

PROJECTS

Frontend Programmer - Website Project

December 2025 - January 2026

- Developed a responsive multi-section website using HTML and CSS modeled after a real-world layout.
- Structured navigation, content sections, and footer using semantic HTML with in-page linking.
- Implemented interactive UI elements and JavaScript-driven behavior to enhance usability.

SQL Programmer - MySQL Exercises

April 2024 - May 2024

- Completed hands-on MySQL exercises writing queries using SELECT, WHERE, and ORDER BY.
- Built a foundational understanding of tables, filtering, and basic data manipulation.

EXPERIENCE

Cashier / Stockboy

July 2025 - Present

Cordial Shoppe - 950 Boston Post Rd, Old Saybrook, CT 06475

- Managed point-of-sale transactions and maintained accurate inventory and product stocking.
- Provided attentive customer service in a fast-paced retail environment.

Host / Server

October 2022 - June 2025

Olive Garden - 3111 E Colonial Dr, Orlando, FL 32803

- Led a team of four hosts, communicated guest seating, and streamlined flow during high-volume service.
- Delivered attentive table service while communicating with floor and kitchen staff to resolve issues.

Prop Technician - Voluntary Work

October 2017 - October 2022

Grim's Haunted House - Higganum, CT 06441

- Designed and built interactive props using pneumatics and electronics to achieve immersive experiences.
- Engineered plug-and-play prop systems that allowed non-technical users to set up props more easily.

SKILLS

Languages: HTML, CSS, JavaScript, SQL, C++, C#

Tools: GitHub, Perforce, MySQL, Visual Studio Code, Trello, Jira, ClickUp

EDUCATION

Bachelor of Science in Game Development

August 2022 - February 2025

Full Sail University, Winter Park, FL

Software Engineering

November 2025 - Present

Frontend Simplified Online Course
